INDEX

Articles and Papers*
Reviews and Notes†

A

Activities of the Geographical Branch in northern Canada, 1958 and 1959: J. Keith Fraser, 245†
Alaska
  Bouguer anomaly map of northwestern Alaska, 70
  Bouguer anomaly map of southeastern Alaska, 71
  Free air anomalies in Alaska, 74
  Generalized geological map of Alaska with Bouguer anomalies, 72
  Glacier studies of the McCall Glacier, Alaska: John E. Sater, 82*
  Gravity measurements in Alaska: E. Thiel, N. A. Ostenso, W. E. Bonini, and G. P. Woollard, 67*
  Gravity stations in Alaska, 66
  Index map of Alaska, showing weather stations, 214
  Map of McCall Glacier and vicinity, 78
  Map of McCall Creek, 88
  McCall Glacier project, the, and its logistics: Robert W. Mason, 77*
  Notes on the geology of the McCall Valley area: Charles M. Keeler, 87*
  Some characteristics of the climate in forest and tundra regions in Alaska; David M. Hopkins, 215*
Alexander, 99
Ali, M. A., A histo-physiological study of the reaction of the *Gammarus* eye to different light and temperature conditions, 243†
Alphabetic spelling for Eskimo language, the advantages of an, 209
Amundsen, Roald, 221
Anthropology
  Das Tier als Gott, Dämon und Ahne (The animal as god, demon and ancestor), *rev. of*, 238†
  Schamanentum (Shamanism), rev. of, 238†
  Upper Tanana Indians, the, *rev. of*, 237†
  Yearly cycle, the, of the Mistassini Indians: Edward S. and Jean H. Rogers, 131*
Apparatus for measuring oxygen consumption of salmon, 194, 196
Arctic Institute
  Annual meeting of the Board of Governors, 239†
  Award of Institute grants, 117†
  Consolidation of offices in the United States, 181†
  Election of Fellows, 248
  Gifts to the library, 55†, 117†, 181†, 242†
  Library search and information service, 181†
  List of Honorary Members, Governors and Fellows of the Arctic Institute, March 1959, 60
  Technical Papers, 55†, 117†
  The 1959 Institute library report, 239†
  Wood, Dr. Walter A., 181†
Arctic Ocean, first flight across the, 232
Arctic Ocean, plans for crossing the, by Amundsen, 226
Armstrong, Terence, *rev. of* Russian-English glossary and Soviet classification of ice found at sea, 237†
Attawapiskat River, 6
Average annual freeze-thaw frequencies in Canada, 43
Aurora borealis, note on cover picture, 58†

B

Barchan, 178
Beacon Sandstone series of Victoria Land, 155
Bears, polar, observed inland, 243
Biography
  Roald Amundsen: Harald U. Sverdrup, 221*
  Sir William Edward Parry: R. N. Rudmose Brown, 98*
Biological investigations at False River, Ungava Bay: R. J. MacIntire, 56†
Biology
  A histo-physiological study of the reaction of the *Gammarus* eye to different light and temperature conditions: M. A. Ali, 243†
  Biological investigations at False River, Ungava Bay: R. J. MacIntire, 56†
  Field measurements of the basal oxygen consumption of Atlantic salmon parr and smolts: G. Power, 195*
  Frogs *(Rana sylvatica?)* at False River, 57
  Incubation patch, the, of wild geese: its recognition and significance: Harold C. Hanson, 139*
  Parasites of fish, intermediate stages of, in *Gammarus* spp., 57
  Ptarmigan studies, 1958: Robert B. Weeden, 182†
  Seals, sea lions, and walruses, *rev. of*, 54†
  Snow as a factor in the winter ecology of the Barren Ground caribou *(Rangifer arcticus)*: William O. Pruitt, Jr., 159*
Black-spruce islands, 14
Bogs and fens in the Hudson Bay lowlands: Hugo Sjörs, 3*
Bonini, W. E., *see* Thiel, E., 67
Botany
  Bogs and fens in the Hudson Bay lowlands: Hugo Sjörs, 3*
  Comparison of bog flora in Europe and North America, 9, 14
  Glaciological and botanical studies in northern Ellesmere Island, 1959: J. M. Powell and R. B. Sagar, 244†
  Rhynchospora alba, range extension of, 9
  Some characteristics of the climate in forest and tundra regions in Alaska: David M. Hopkins, 215*
